YOUR REF. APP/22/00541

Dear Sir/Madam

We are in support of the original application to replace the one old dilapidated caravan with a mobile home and for it to be sited where the old one was in the North West corner of the site, as per our letter of 9th August 2021.

The Proposal received by us this week we notice is now for mobile homes and we are strongly against this application and proposal.

During the past 27 years there has only been the one caravan on this site and this was not used. There was also one small shed with electric.

In addition to that fact, the site has not been used for any other purpose and there have been no Travellers or camping within the last 27 years either.

The second entrance which has been opened up recently is also of concern being on a blind corner. Cars coming from the north would have no vision of a vehicle coming out of the site and as a consequence would create a danger to [REDACTED] The entrance on the North West side of the site is the safest and most sensible place to use for access. *SOUTH*

We do not support any applications for more than one mobile home.
