RECEIVED

Dear Sir or madam

Ref as above concerning

extention and raising roof on address above. I strongly
object to this as being out of character of house
overlooking their neighbours. We have had nothing
but disruption in road for last few months large
lorries coming and going parking on 24/24g lines
causing disruption, cars and vans parked on pavement
they have broken down the boulders on verge, mud everywhere
3 schools in road, children^{etc} not being able to get
by properly considering we are supposed to social
distance. Also brick built accommodation build at the end
of the garden I did not see any application for
that? Thankyou I do so hope you will take all

this in to consideration

Yours Sincerely
