RECEIVED

Thank you for planning information for
No 2. Valetta Park.

I think the proposed development would be out of character & obtrusive in a road of bungalows. It would adversely affect the residential amenities of neighbouring owners. First floor windows will infringe on our privacy.

Potentially would increase traffic in a quiet narrow cul-de-sac, also diminish the stock of bungalows available to an ageing population.

This overdevelopment will have a negative effect on the character of the neighbourhood and an adverse visual impact.

Yours sincerely,

JANE BLANE
