I have only just been made aware of the above planning proposal. I live behind the proposed development in The Sanderlings and have received nothing to advise me this was going on. Why is this?

It seems the residents of Dilkusha Court have been made aware and most of them are facing the wrong way or cannot even see the existing two storey flats but you have failed to inform those of us who would have to live in the shadow of this high rise block.

I look forward to hearing from you.

Regards

Mr S J Mann
6 The Sanderlings
