Proposed Housing development West of  
Old Manor Farm South of Lower Rd.

Dear Sir

I wish to lodge my objection to further dwellings in what is already a congested location, given that consent has already been granted for 50 houses to be constructed south of Lower Road.

This will only increase the limited vehicular access in particular the double blind bend which is without any pedestrian pavement. This in my opinion will exacerbate the likelihood of serious injury occurring.

In recent years we have witnessed more traffic in Lower Rd ranging from pedestrians through to heavy goods vehicles.

In short I strongly oppose any further development in Lower Road.

Yours Faithfully
