Dear Daphney

Re: 13 Wait End Road Waterloooville

Further to our recent parking survey, we enclose the results with the parked cars highlighted in blue we limited the survey to the 25 properties making up Wait End Road.

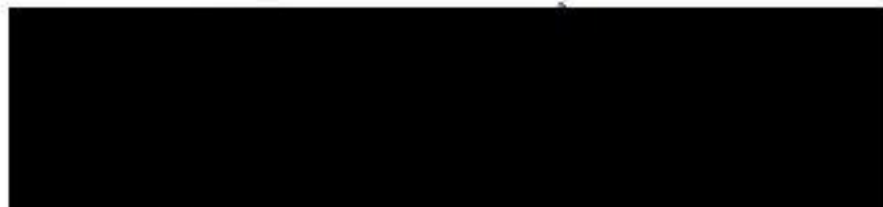

On average there appears to be around 20 cars parking at peak times increasing to an average of 23 cars up to midnight this includes for cars parked within private drives and parked on the road.

We did not expand the survey on the parking available outside of Wait End Road although clearly Mill Road is available for parking at any time.

Allowing for each private drive to support 2 cars plus on street parking we feel a maximum of 47 cars could be achieved within Wait End Road.

Should you require further information please feel free to come back to me.

Yours sincerely

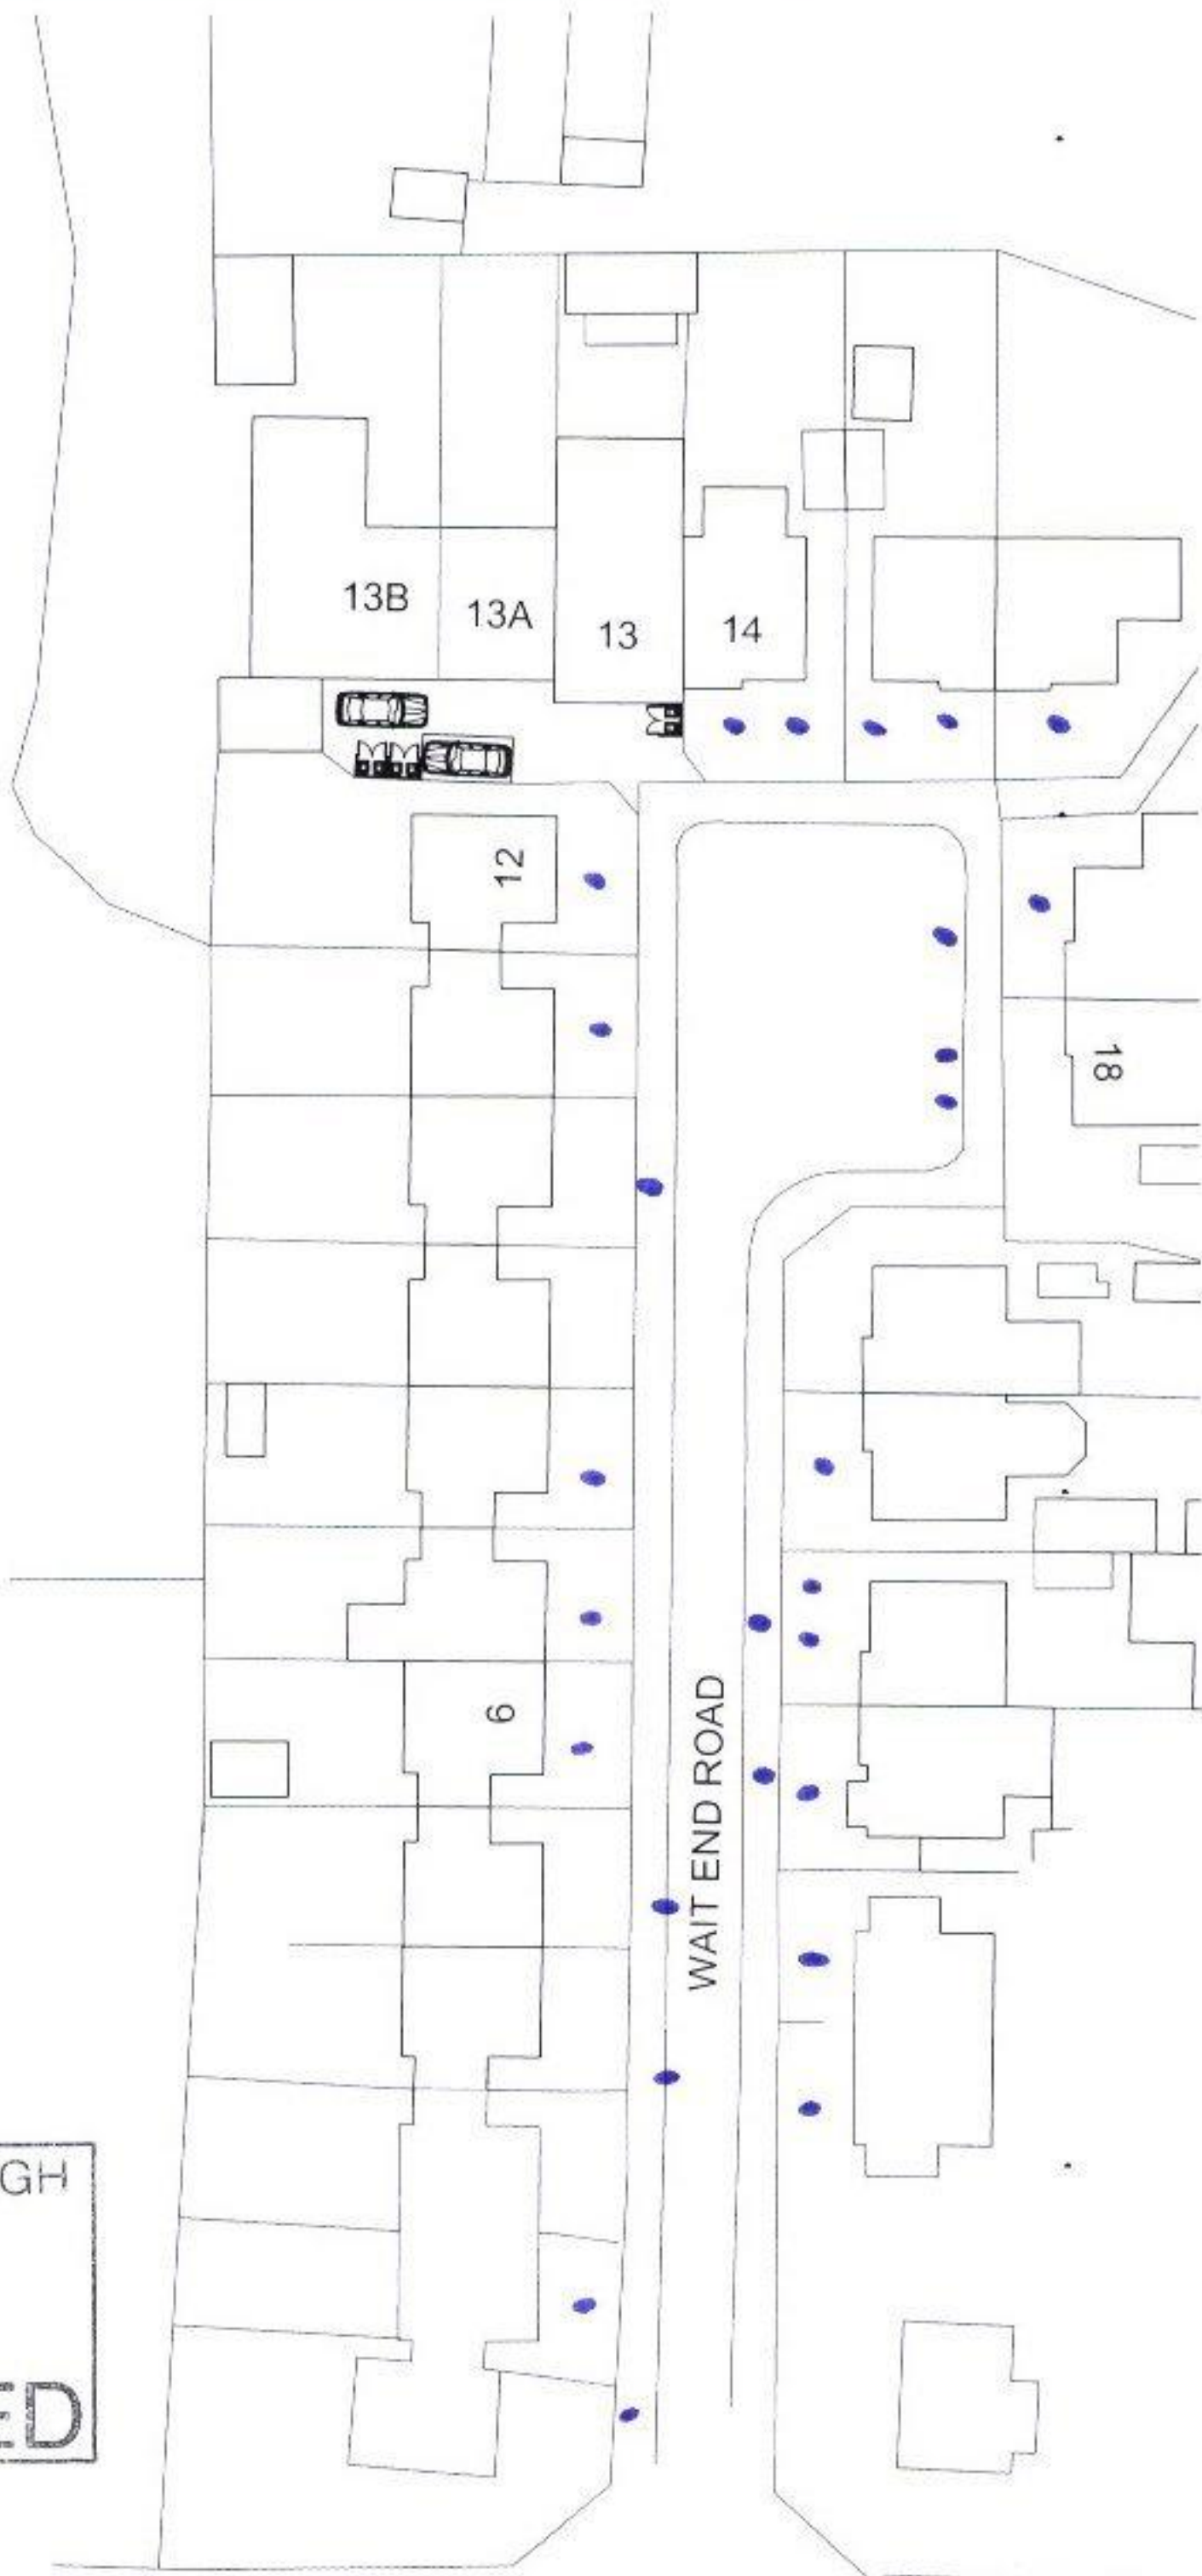

Chris Flint
