CONDITION SURVEY- ROAD

Date: 8th October 2024

Introduction

This document has been prepared as a means of providing a photographed evaluation of this properties condition, and the condition of the surrounding paths and roadways during our site inspection. This survey has been undertaken to help show the condition of the property and to record any potential risks prior to our start on site.

The aim of the condition survey is to;

Document the present condition of the property, highlighting areas of failure or concern
Identifying causes of past, or ongoing deterioration
Identifying issues that need attention to prevent serious damage
Presenting conservation and maintenance recommendations

This survey and all photographs were undertaken on 08/10/2024 by Simon Barden Site Manager on behalf of Metro Deconstruction Services Ltd.
