¹ Where relevant, further information will be provided within Annex A.

Annex A **National Highways' assessment of the proposed development**

National Highways (“we”) has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

In the case of this development proposal, our interest is in the A3(M), specifically J4.

We previously provided Holding Recommendations with comments for this application to give the applicant more time to respond (dated 13th July 2022 and 7th September 2022). Since this time, we have not received evidence to satisfy our requests for information.

Recommendation

National Highways recommends that the Local Planning Authority does not grant planning permission for this application (Ref: APP/22/00439) for a period of 56 days (until 27th December 2022) from the date of this recommendation to enable further assessment to be undertaken.

Reason: To allow National Highways to understand the impact of the development on the safe and efficient operation of the Strategic Road Network and provide the Local Planning Authority with fully informed advice.
