

(App/19/0083 )  
(93 Winterlow Drive)  
(2/2 bedroom Houses)

I disagree with these houses being built in this area. I do have my own driveway but the constant parking issues is a joke my driveway is blocked in all hours of the day or night which is very

frustrating. cars are being parked on pavements grass verges which is not safe when walking my dog and children around here. cars are always being driven upon pavement to get in or out. which is a bit of a safety worry.

I feel more houses more cars which is not a thing we need in this area. we have issues with flooding as our houses run down and were at bottom of hill which would be an issue with these houses Surely. I just feel it would ruin one area with one in which is sufficient enough with houses and cars vehicles already here.

Yours Sincerely
