Dear Sir,

Re: Proposed Lidl Food Store; Application No. APP/17/00656

I write in support of this application.

I shop at least once each week at Lidl in Leigh Park, even though it is nearly seven miles away, because I like their produce, prices and standards of service. The prospect of being able to enjoy Lidl Standards only one mile from my home is very welcome. But more than this, it will reduce the time and distance that I spend in travelling on Hayling Island's inadequate roads and thereby contribute in some small way in reducing traffic volume and congestion on Hayling.

Congestion will be further reduced by the parking at Lidl that will be available to parents taking their children to Mill Rythe School; it will also improve the safety of this four times daily mass movement of young children.

Thus, in the interests of reducing traffic and congestion and of improving road safety I request that this application by Lidl for a food store at Manor Road be granted.

Yours faithfully,

D F Cornelius
