

Dear Sirs,

Re. App. No. 17/00656.

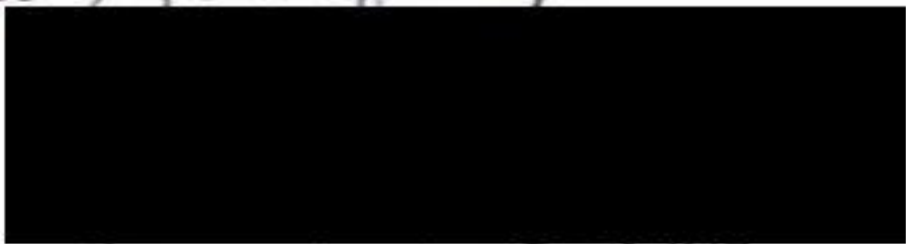

I consider building Lidl on Haylip a good idea as we have no large supermarket here and this would lessen traffic on a off the Island which is a major concern at the present time.

This project would also offer employment to locals without the need to seek jobs off the island, again helping traffic congestion.

There are many elderly people

living here and I feel this
attraction near at hand would
benefit them greatly.

Yours faithfully.

V. M. FERRIS
