

HAVANT BOROUGH
COUNCIL

01 MAR 2024

1st March 2024

The Tree Officer
Planning Office
Havant.

Dear Sir

TOWN & COUNTRY PLANNING ACT 1990
SECTION 211

SITE ADDRESS: 6 THE SALTINGS, HAVANT
PROPOSAL: Fell 1 No. Bay + 1 No. Holly Tree
within conservation area of
Langstone.

1. I agree with this proposal.
The bay trees grow from the ground ^{OUTWARDS} ~~inward~~ [REDACTED] & are
approx. 25 ft tall (4x height of fence)
Not 10 ft. Runners/suckers
constantly sprout up in my
garden + are very difficult
to remove.
2. The bays stretch 20ft along
our fence, leaving my very
small garden in shade for

most of the day.

3. The whole length of the bays are full of brambles which grow sideways out of the tops of the bays, over several feet, & then down into my garden. They are a hazard & grow quickly.
4. The bays interfere with my TV reception causing severe pixellation on all channels, especially when the wind is blowing.
5. The holly tree is no problem to me. It is almost as tall as the bays & also full of brambles.

Yours faithfully
