Dear Sir/Madam,

Re. APP/16/00652

50 Fourth Avenue, Havant. PO2 2QX.

I am writing about the planning application for my next door neighbour.

I am concerned about boundaries and structural changes which may compromise the integrity of my property.

I have not been contacted about a party wall agreement and would like any works carried out

overseen by an independent party
wall surveyor.

The boundary wall which is proposed
to be removed is owned by me.

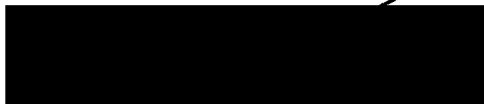

Will I still be responsible for the
new wall and how will it be
attached to the existing wall?

Will this mean a change to
my deeds?

I am concerned about structural
damage to my property during the works
and the stability of the boundary
wall.

Please will you contact me regarding
a partywall agreement and an
independent surveyor's report.

Yours sincerely

MARGARET ANN LYNES
