

Good Morning Tina,

We felt we should write to you to make you aware of our concerns for the raised decking area in the front of the new building. As this decking will be used for consumption of alcohol for long hours and late into the night we are most concerned about the noise –partly from people but also background music.

This is a very quiet residential area and we would like our concerns to be taken into account when the Council considers the permit.

Our suggestion would be that this deck is not used after 9 o'clock at night and anybody using the restaurant and bar stay inside the building or back garden area if weather permits.

Many thanks,
