Re APP/16/00774
Land North of Havant Road and West of Sealangor Ave, Emsworth

Dear Sir/Madam

We would like to register our objections to the above proposal. There has been recent flooding in this area –will there be enough infrastructure to cope with additional drainage. Installing traffic lights on Havant Road will lead to intolerable tailbacks. This was evident when temporary traffic lights were installed out side the petrol station for essential road works. The increase in traffic will make it much more difficult to park both in the centre of town and in surrounding roads. Green space will be diminished.

These are only a few reasons. Please consider our future generations who may not be able to enjoy village life as we know it.

Yours sincerely
