

14-7-22

Dear Sir or Madam,

Having received your letter yesterday in relation to the proposed construction planned for G, Erica Way, I was absolutely horrified. Not only would we all have to put up with months of noise & dust, but it would decimate the whole ambience of this lovely quiet little road.

I have lived here happily & peacefully for six & a half years & do not understand why someone buys a bungalow, just to ruin it and the local area.

Apart from all these criticisms

the back dormer window which
overlooking the privacy of my
back garden

While all this is going on it will
deprive ~~me~~ me of the peace &
tranquility

Also while all this work is going
on, it will also detract from
the value of my bungalow

Please find it in your heart
to refuse this planning permission
as it will ruin the whole area
Yours Sincerely
