Subject: Application 17/00633 OBJECTION

Dear Mrs Macmurray,

I wish to object in the strongest possible terms to this application. The access road from the Havant Road is narrow, and it passes between the two parts of the Springfield Residential Home, which comprises number 72 and number 74. There is very very frequent passage by members of staff, visitors and tradespeople between the two houses, which would be seriously dangerous, given the expected increase of vehicular use of the road. Patients are also moved, sometimes by wheelchair, between the two houses, and many of those who are ambulant move slowly and with difficulty, as well as having possible disabilities of sight and hearing as well as walking.

It looks to me like an accident in waiting to increase road use under these circumstances. I am a Pastoral Visitor to both houses, and am well acquainted with the circumstances both in the day time, and in the hours of darkness.

Yours faithfully,
(Mrs)Jennifer Rye
