Newtown House Hotel

Dear Sir/Madam,

Thank you for sending me the details of the proposed additions to the above premises.

As I live right opposite I should like to go on record as having no objections to these new plans.

This lovely old hotel has been neglected for many years but the current owner must have spent a small fortune on renovations and improvements and gives the business a new lease of life.

Hopefully this hotel now has a bright future and stay an important venue for many years to come.

Yours
