Our Ref: ENC001 Blendworth

Dear Sir/Madam

Town and Country Planning Act 1990

Planning Application for the Construction and Operation of a 20MWe Peaking Power Generation Plant, Ancillary Equipment and Access on land at Blendworth Common adjacent to Havant Thicket, Havant, PO7 8R.

On behalf of Rydberg Development Company Limited I enclose a Planning Application for the above development.

A number of supporting technical assessments accompany the application, which will be separately forwarded to you.

As the proposed access to the development, extends across the Council boundary into the area of East Hampshire District Council, a simultaneous application has been submitted to East Hampshire District Council for the part of the access track which is not in the area of Havant Borough Council. Full details of this application have been submitted with the application to East Hampshire District Council.

The Application has been submitted electronically via the Planning Portal. A Planning Application fee of £2695 has been paid with this submission. The development comprises the construction and operation of a 20MWe Peaking Power Generation Plant and ancillary equipment and part of the access. The fee paid has been based on the area of the Site located in area of Havant Borough Council. The relevant category of fee is that applicable in relation to the erection of plant or machinery and the fee has been calculated based on a site area of 0.65 hectare (i.e. 0.7 for the purposes of the fee calculation = 7 x £385 (per 0.1 ha) = £2695). A separate fee for the that part of the Site that falls within the area of East Hampshire Borough has been paid to that Council.

I trust that the application includes all the information required to enable you to register it. I would be grateful if you would confirm receipt of the Application and the planning fee. Please contact me in the event that you require any further information or should it be necessary to discuss any matter arising from the Application.

Yours sincerely

Agent, On behalf of Rydberg Development Company Limited
