Dear Ms. Chisnall

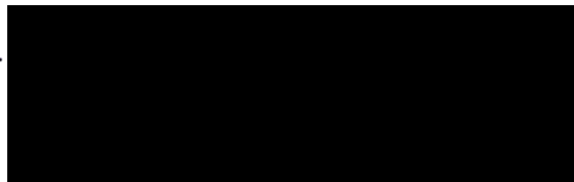

Re: Planning Application: App/18/00095 - 25 Wheatlands Avenue, Hayling Island

I have recently perused the numerous plans for the proposed expansion of the above property and I fully support the proposal put forwards.

I know the local area very well - in particular Wheatlands Avenue - and I am a strong believer in developing existing properties not only for improving the modern look of the street scene but in order to ensure the local area does not become run down and tired.

May I offer the support and backing to this application.

Yours sincerely,

My father in law lived in this house
for a while so I know the area very well.
It need modernising and brought up to date.
the plot will certainly a bigger property.
