Subject: Planning application app/16/01234

I would like to object to the proposed application as unsuitable due it being situated on country lane that is was not designed for the amount of traffic that passes through the lane .The verges are almost nonexistent and the lane is used as a rat run.As a previous application was turned down.and the site owners do seem to carry on developing the site buy locating in different guise's caravans / mobile homes they seem to be ignoring the previous refusal and why do they want to build a amenity block for only on pitch.In conclusion the the amount of development in the local area and destruction of open spaces by future proposed development I hope the application will not succeed
