RECEIVED

The Planning application APP/24-00876

Thank you for the copy and drawing
plus plan of the car port.

Whilst the plan shows

it does not show

The shed, accommodation block in the back garden of the twenty foot container in the front garden.

I therefore see the plan of pastoral inaccurate and misleading.

Re carpenter

reducing any natural light

2.

[REDACTED]

the current drawing shows the roof angled [REDACTED] gutters or draining therefore the roof [REDACTED] this I am not happy with; also with cars parked [REDACTED] very concerned with the fire risk should a car catch fire [REDACTED]

[REDACTED]

In view of this very real threat

may I suggest that if a carport is to be built, it is placed on the northeast corner of the front garden where there used to be a temporary garage, therefore reducing any fire risk to my property.

I must emphasize that

I am very aware of the fire risk this proposal has.
