YOUR COMMENTS ON THE CASE

I am elected councillor for the ward within which this planning application is sited. It is very desirable for small living units to be built within the Havant area. However, my main objection to this planning application is that the houses are sited behind an advertisement hoarding which gives the houses no view from their windows and blocks their light.

Additionally, the "cycle storage" planned in response to one of the refusal decisions is merely to place a cycle in the occupant's main living room - no additional design feature has been added.
