Dear Sir,

I would like to register my support
for a Lidl Store on Hayling Island.

It would mean less traffic going
off the Island to Tesco/Asda etc.

If flooding is a problem (?) in that
area I am sure modern buildings
can overcome it as houses are being
built on Hayling where fields used
to flood (with rain).

I believe competition in shops
is good for customers and at present
the Co-op has no competition. (except
corner shops)

Yours Sincerely
