Subject: Re: APP/15/01357
Importance: Normal

Fao: Mrs R McMurray

We wish to support the objections to the above application set out in Mr and Mrs Johnstons letter to you of 5 January 2016. In particular, we would endorse their comments relating to building bulk and flooding as follows:

1. The original permission for this house was for a 3 bedroom dwelling because of the context of its location in the Mill Lane conservation area. This application if approved, and when taken together with previous permissions and a much larger new dwelling at 5 Mill lane, will result in over development within the conservation area. Also, the gradual and continuing loss of visual amenity of the adjacent properties in Harbourside is of considerable concern to those residents. 2. The comments relating to flooding are particularly apposite at this time and should be given full weight in the reasons for refusing this application.

We should be obliged if the Council would give careful consideration to our objections and refuse this application accordingly.
