Proposal: Change of use from domestic summer house to commercial dog grooming parlour.

Dear Sir or Madam

The main concern I have about the proposed dog grooming parlour in the residential area of Linda Grove, is the parking.

It is a cul-de-sac and most residents have already changed their front gardens into parking areas due to the shortage of parking.

I did notice that the front of said property, would be used for customers, but then where would the property owners park their 2-3 cars?

Yours faithfully

CONCERNED RESIDENT
