

25 July 2021

Dear Mrs Pickup,

With reference to your letter received on 17th July and our telephone conversation about plans for a proposed dwelling to be erected opposite the side entrance to our property.

We moved into [redacted] Ardara Crescent, almost 18 years ago when there was just a single garage entrance, our one concern is access to our home has and would be difficult if vehicles are parked opposite - we cannot make our access any wider because of lack of space for gates. We can foresee parking issues in the future.

We are not objecting to the proposed bungalow, people need homes.

[redacted] hold a blue badge so do need accessibility. Yours sincerely,

[redacted]
