RECEIVED

19th Nov 2019.

Dear Mr Craigford

In respect of the proposed extension at 32 SPRINGDALE, a copy of the plans I have in my possession, printed by planning office at H.B.C., I wish to put in a consideration that the Master bedroom suite window on the South East elevation will be overlooking into my rear garden therefore affecting my privacy.

My wife and I purchased our bungalow in 2002 for many reasons, i.e. downsizing, bus route, local shops, and position/privacy which now is under threat? I look forward to your reply.

Yours Sincerely

N.B.

I presume the
other two windows
on the S/E elevation
to be VELUX style?
