26th August 2017
Recorded Delivery

Dear Sir/Madam,

Children's Learning Centre 125 New Brighton Road PO10 7SX
Planning Application Ref; APP/17/00682

I have just become aware of the amendment to the planning application, and the new expiry date of next Tuesday following the current Bank Holiday. Thus, a rush to compose and get my comments composed before the noon postal collection.

It would appear from the applicant's letter dated 18th August 2017, where he expresses his thanks to you, that discussion has taken place leading to the amended application. I am disappointed that residents that opposed the original application have not been alerted to the revised application and invited to comment as according to normal procedures and open democracy.

This is to formally record that my objections to the revised application, for one event, are as originally submitted for the application for two events. Indeed, it opens to question, with the objective of obtaining one, ask for two, and thank the officer for suggesting a revised application for just one only.

Thank you for your attention to this matter.

Yours faithfully,
