Subject: You have a query submitted through havant.gov.uk

A form for your team has been submitted through the Havant Borough Council website.

The form was submitted on Thursday, 13 April, 2017 - 11:45

The web form reference number is 329/32251 (this number has also been given to the customer as a reference number)

The details entered in the form are:

--Your contact details--

Your Name: gordon wyatt

Your last name:

House number/name: 108

Road name: hambledon road

Town/village: waterlooville

Post code: po76ut

Preferred contact method: Email

Your email address

Secondary contact method:

Do you require responses to be in a certain format? No

--Which team would you like to contact?--

Service: Planning

--Your reason for contacting us--

Your query or comment:

Planning object to a cycle & public footpath po77uw..

My main reason for a objection is the hambledon road/ petersham close area has a slight bent on the road and persons exiting the planned footpath will not see speeding oncoming traffic to their right its would be too dangerous for pedestrians and cyclists to use, i dont see any plans for a pelican crossing at this cycle/footpath but i would object strongly to this as i would not be happy with traffic lights flashing and the beeping noise yards from my bedroom and living room windows 24 hours daily.

i cannot believe that waterlooville leisure centre are even thinking of a cycle / public footpath via the the hambledon road for reasons maybe their members are too tired to exit the waterbury drive exit, there is already a cycle path and footpath from the leisure centre leading up to the hambledon road roundabout and a pelican crossing I dont see a problem with this,

its a very busy stretch of road with the emergency services constantly using this at high speed, cars and commercial vehicles, buses & motorcycles all travel along this mega used road, 70% of cyclists dont ride on the unsafe section of hambledon road they cycle on the public footpath and my grassed area in front of my property.

tree and hedges etc will have to be removed when already too many have already been removed and regarding the planned dance studio does this mean apart from the music we hear at times from the leisure centre will we have to put up with dance studio music as well, and will the new build be soundproofed so us residences on the hambledon road can have a bit of peace on sunny days...
regards
