Dear Mr. M. Stewart

Thank you for informing me of the above planning application.

I have no objections to the removal of the two trees as proposed, but would comment on the third which might be ~~be~~ reduced in size: trimming mature conifers is never successful —
p.t.o.

they do not lend themselves to
shaping and just look unsightly.
It would be better to fell it and
perhaps replace it with a new
one.

Yours sincerely
