28th March 2016

Dear Mr Weaver

Your Ref; APP/16/00021

I write to object to the above on the grounds that the site lies within an area designated an undeveloped area also HBC stated in their Allocation Plan of July 2014 that there was no need for more permanent gypsy and traveller sites in our Borough up to 2027.

May I comment that Long Copse Lane has ribbon residential development dating back more than 100 years and private equestrian dating more than 30 years.

The pleasant rural ambience of the lane has recently accommodated 240 houses being added to it's South Eastern flank and 46 houses added near to its junction with Hollybank Lane. This rural ambience has seen great growth of use by horse riders (some very young) and of cyclists and walkers some of whom use the Lane for access to the pleasures of Hollybank Woods and the recreational trails.

I hope that HBC will arrive at its usual fair conclusions as to the future of the site.

Yours sincerely

Anthony C Reeves
