

Dear Mr Toole

I am sending this email as i have just seen application documents dated 27.03.2024

Part 7 - are there any trees or hedges on your own property which are within falling distance of your proposed development - this has been answered "no"

Will any trees or hedges need to be removed or pruned in order to carry out your proposal - also answered "No"

As you probably would have already seen from the objections, the owner has already devastated the whole plot, leaving only one very small patch off grass and a beautiful tree, which is currently in full bloom. This last patch of grass and the tree will indeed be removed if the extension to number 34 were to go ahead.

I do not believe this is an oversight , but a willful attempt to disguise the truth.

Kind regards
