

Dear Sir/Madam

RE: Plan. APP. no. APP/140084. Plann. Ins. APP.
Ref. APP/X1735/W/17/3174481.

I wish to state my concerns if the above mentioned plan went through.

- ① The residents would lose ③ much needed parking spaces where the curb would have to be dropped.
- ② where would people using the pub. park??
- ③ If we lose parking spaces which we can't afford to. We would have a job to sell our houses due to lack of parking which in turn would de-value our properties.

Is the council willing to compensate us if we can't sell?

Is the council going to provide us with parking spaces. Not too far from our homes so as elderly and people

with children can not run the
risk of going far out of our way?

You know already what
it's like in Sultan Road regarding
parking so why make us lose some?
Not a good decision surely!!!

I state again if this
goes through what will the
Council do to help us residents?

Yours faithfully
