Status history:

No.	Effective	Status	Officer	Notes
7	24/09/2018 10:14	Re-opened - Comment Added	Highways Operation Centre HOC	The customer has called to provide more information of the access. Where there is a gate at the moment is not where the customer is planning to put the access the proposed access will be the part of the gate that opens and left of it, there is currently a gap which would be the access. The caller mentioned that it would be approx 2metres either side of which part the gate opens. The caller is happy to work with us to make this a VXO that fits the Criteria. Any further questions the caller is happy to discuss by phone or in person, they can be reached at: 07968974233. Comments
6	20/09/2018 14:28	Enquiry Resolved	Highways Operation Centre HOC	email to applicant with VA2R
5	20/09/2018 13:15	Not Approved	Highways Operation Centre HOC	Application Rejected on the terms that the VXO will too close to a major junction. Does not meet pre application criteria of 10m away from a junction
4	20/09/2018 11:28	Comment Added	Joseph Lait SH	10.2m away from junction
3	10/09/2018 10:37	Approval Required	Joseph Lait SH	Passed to engineer for site visit and approval
2	08/09/2018 16:49	Payment Received	Highways Operation Centre HOC	ePayment received, WorldPay ID: 9676250159
1	08/09/2018 16:47	Payment Pending	Highways Operation Centre HOC
