Subject: Noise

Sue,

As our Landlord I was wondering if you could do anything about the noise from departing wedding guests coming through the property? Last Sunday was particularly bad with people stopping in the yard and shouting obscenities at each other. It must be very disturbing for the animals on the farm.

Is it worth seeing if a noise abatement order can be put on the wedding premises? Also, it would be really helpful if the Council were to enforce the change of route to the new road that Grahame built to the wedding venue that avoids going through the farm yard.

Thanks for listening.

Regards, [redacted]
