

Havant Borough Council  
Planning Dept

22 August 2019

Dear Sir/Madam

Re: Application no: APP/19/00726

I would like to offer my support to the building of a single bungalow to the rear of North Crescent.

We live in Rails Lane nearby to the park, [REDACTED] Daily we pass this site and would love to see this neatened up. Over the years when the land wasn't fenced off, louts would gather there, were intimidating, drink alcohol and leave their empty bottles and general rubbish, etc. We have even seen used syringes left.

As it is, the general area looks a mess. A small bungalow with landscaped gardens, surely would benefit the aspect of entering the park. For a couple of years the frontage has been used as parking for a large commercial vehicle.

There is a shortage of bungalows for elderly people in this area. What seems to happen is, the Council approve applications for people to extend and put rooms upstairs, and then the property is sold to families.

Yours faithfully

[REDACTED]
