

RE APP 2400876.

Dear Sir Madone.

I am distasteful by the fact that having been drawn to the attention of your staff, the council is continuing to use an inaccurate plan of Pastoral; it does not include the accommodation block in the back garden or the shed. Neither does it include the 20FT container in the front garden.

As I believe this information goes on line, the public or your staff do not have a true picture in front of them, I question how anybody can make a proper judgement when supplied with such information.

Will you be kind enough to
update the plan of Portarati
to enable an accurate picture
to be presented to your staff and
more importantly the public.
