YOUR REF. APP/21/00601

Dear Sir,

I am writing regarding the planning application on land north of Solent Road (adjacent to Bosmere Medical Centre) Havant. To build offices for Portsmouth Water and Employment premises (warehouses). Access to be from Solent Road, the extra volume of traffic will cause many problems on what is already a very congested road and will add to the air pollution. There are already empty warehouses in the area so do we really need more.

Should the application be passed could we be assured that work would be carried out to improve sewage and water drainage on the site I mention this as the grounds of Manor Court have been flooded with sewage several times recently.

Hoping that sense will prevail.

Yours sincerely
