To Whom It May Concern.

Reference – 9 Timberlane, PO7 5PH, Planning Application APP/20/00328

We have received a letter letting us know that my neighbours Gary and Vanessa Wright at 9 Timberlane have applied for planning to extend the existing dormer windows and install a new dormer window to the roof of their property.

This letter is to confirm we have no objections to the new dormer windows which will look over my roof and part of my garden.

Their existing dormer currently looks over my property and I have no problems with this.

We are happy for the build to go ahead.

Yours Faithfully.
