

Dear Planning Department,

I am writing to object to the building of an extra 43 houses on the land, south of Lower Road.

I am 92 & have a walker to ~~help~~ me get around. I live in Old Bedhampton & can't go very far under my own steam. Two of my grand daughters live in Lodge Rd & I have always liked to walk round there to have a cup of tea of an afternoon.

At the moment this is becoming increasingly difficult and is about to get worse as building work is set to start on the 50 houses that has been approved by central government. I am very slow at walking & I cannot get out of the way of cars & lorries easily.

I have had some frightening moments travelling round the blind bend of lower road with my walker in recent weeks.

It will be bad enough when there is traffic from an extra 50 houses, let alone from another 43 on top

This has always been such a lovely tranquil area & I fear that it is being ruined for our future generations.

I ask you please to reject this application.

Thank you.
