Subject: APP/15/01325

Dear Mrs. Crawford

(Ref. My telephone call to you this morning in regard to 259 Milton Road, Cowplain,
Waterlooville, PO8 8LL).

I would like to confirm that I have spoken to the occupier/owner of the above property, who has proposed extensions to the front and side of that address.

He has informed me that the plans already submitted to you are no longer relevant and that a new proposal is being introduced.

On no account, he informs me, will ANY new proposal cause me concern. There will be no alterations to the rear of the property which backs onto my residence. Any proposed extension will be at the side of his property, where, currently, a small conservatory sits.

If this information is altered in any way, then I must be kept informed. Should it remain unchanged then I have no objections to the proposal.

I would appreciate confirmation of your understanding of this request.

Yours sincerely

Patrick Humphreys
