

HAVANT BOROUGH
COUNCIL

31 OCT 2015

RECEIVED

28 Springfield Close,
BEDHAMPTON,
Nr. Havant,
Hampshire,
PO9 3NY.

30th. October, 2016.

Mrs. D Hayward,
Public Service Plaza,
Civic Centre Road,
HAVANT,
Hampshire, PO9 2AX.

Dear Mrs. Hayward,

Objection: To a Commercial Residential Business Disturbance in the vicinity of Bedhampton, my
Locality: 26 Scratchface Lane, Bedhampton, Nr. Havant, Hampshire.

I write in response to the proposal to change the nature of this business in this area by new owners from: **"a general industrial manufacture of fibre glass boats, to the storage of concrete cutting equipment with associated collection and delivery traffic."** At one time, allowing work of a business nature to take place from a home in a residential area would have been unheard of! In a residential area especially; work of this proposed industrial scale! People's lives matter! People who have settled their homes in a vicinity acceptable to them at any given time; should not have their views, peace of mind and concerns over ridden by those wishing only to make personal financial gain. This new commercial business venture proposal would have peace-shattering consequences in the area of Bedhampton and surrounding area; and should not therefore be granted permission by Havant Borough Council to operate from this premise .

Whilst on the subject of 'residential' living, I would propose for the future, out-of-area/town parking for all commercial and/or privately owned vans. I am more than concerned at the number of front gardens being dug up to be replaced with either: concrete, tarmac and/or gravel to accommodate these vehicles; also cars. Apart from these vans, some higher than the lentils of the buildings themselves being an area 'eyesore'; this practice is having a devastating effect on our wildlife! There is no reason why the owners of these vans, who mostly will be car owners also; cannot leave their vans in out-of-area/town parking parks overnight were parking to be provided for them by the Council, and thereby, to use their cars to travel to and from the van parking areas and home.

I also propose that any vehicle owning householder/s who has a driveway in which to park a vehicle or vehicles whilst at home and who does not do so; be fined for unnecessarily cluttering up the roads and highways and causing delays and frustrations to other vehicle users. A welcomed revenue that I am sure the Council could use to all of our benefits!

I should appreciate a reply to this letter thank you.

Sincerely and appreciatively,

Mrs. [REDACTED]
