5. What Are You Applying For?

Are you seeking consent for works to tree(s) ☒ Yes ☐ No
subject to a TPO?

Are you wishing to carry out works to tree(s) ☐ Yes ☒ No
in a conservation area?

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

We are asking for permission to trim the oak tree that is on our ground at 102 Hulbert Road, It's grown so big and is fighting for light against the other trees alongside, It needs trimming all round and the lower two branches removed as they are very low, Tree surgeon stated this needed to be done. Mr Jordan said that the tree would need 3 metres all round as they are pushing for light towards our house, we are experiencing a lot of broken branches, the tree is about 30 metres high, but just in need of a tidy up, as I don't think it's ever been done along this private road. There are a lot of trees growing over the main Hulbert Road which is very dangerous when they are breaking off into the road, but we can't afford to do them all, as we've been quoted a lot just to trim and tidy one of them.

7. Identification Of Tree(s) And Description Of Works continued ...
