

Good Morning Mrs Pickup,

I have received another letter for a resubmission of the permissions for a hot food takeaway at 39 West Street Havant, PO9 1LA.

Please can my below concerns be put forward again.

Mostly the parking issue to which it was refused last time.

I feel there will be no solution around the parking without the council making more car parking spaces. To be honest, if the council were going to do that, it should be for the residents firstly as it is very difficult to park down West Street.

Many thanks,
