Dear Planning Services,

Many thanks for notifying me of planning proposal for 145 Havant Road. I have reviewed the planning documents in detail and would like to raise a strong objection to the application. There are several reasons for my significant concerns that I will detail below.

Several parties enjoy access rights over the access road both to residential property and to agricultural land (inclusive of protected green sites). I would be concerned that their access rights could be impaired by 145 Havant Road's activities.

I have reviewed the proposed block plans drawing number PL677.23.03 A . The plans are incorrect highlighting a red boundary that [REDACTED]
[REDACTED] have nothing at all to do with 145 Havant Road other than being the access point to their property.

I thank you in advance for taking my concerns into account please do let me know if you require any further information.

Regards
