Dear Sir / Madam,

Development in Queen St, Dolphin Quay

I am writing to protest against the latest planning application for a Kiosk Cafe at the above location.

I have lived in Emsworth for [REDACTED] and moved to the above address in 2016, [REDACTED]

[REDACTED]
I am horrified by the way the history of Emsworth is being eroded away and the once untouched parts destroyed.

[REDACTED] and was pleased to see some seating provided, but trying out the benches, found them too low to see any water, boats or birds.

There are at least a dozen places in the village for refreshments, so

what do we need a mobile one for,
and who will it serve?

Much younger residents than me are
horrified by the developments, both
already there and proposed and this
is the first ^{protest} I have ever made.

Yours faithfully,

The Planning Officer,
Havant Borough Council,
Civic Offices,
Civic Centre Road,
PO9 2AX.
