

Dear Tina,

[REDACTED] The Brookfield Hotel, which is less than 0.1 miles from my house, is currently being renovated into The Ropemaker. I understand that the new establishment will have a restaurant and pub, and that there is an application to allow for a later liquor license and also for a bit of decking outside the front of the building, facing the Havant Road.

[REDACTED] I am concerned about noise pollution [REDACTED]

[REDACTED] I worry that decking outside the front of the building will be a place for noisy late-night drinking, possibly with loud music spilling out of the open windows and bi-fold doors leading on to the deck.

[REDACTED]
[REDACTED]
[REDACTED] Please don't pass this amendment to their licensing nor for the outside decking. If they need to put in a deck, it should be at the back of the building!

Many thanks

[REDACTED]
