Subject: Condition Discharge

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Hello David,

Condition 20 was previously discharged on the 11th March 19 – are any changes proposed to the previously approved details? **No**

Condition 22 relates to contamination not previously identified – Could it be confirmed whether any has been identified? **No**

Please find attached our Lighting Strategy for the site.

I can also confirm that all intrusive construction works are completed.

Hopefully, this answers any outstanding questions you may have and we can move forward.

Regards,

Peter Fields
Contracts Manager
