Dear Miss Pitney

Ref APP/17/00593

Proposal: alteration of loft space to provide living accommodation

Thank you for showing me the plans for the above application, whilst we have no objection to the proposal in general we do have the strongest possible objection to the provision of a large triangular window in the South facing gable of no.5. It will be an invasion of privacy, anyone looking out of the window will look into our bedroom [REDACTED]

In view of the above we shall be glad if you will refuse permission for the window and suggest it will be unnecessary as light for the new stairwell will be obtained from the new window in the West wall or a light in the roof.

We hope that we can look forward to hearing from you that our protest has been successful.

Yours sincerely,

[REDACTED]
